2. How to Start the Presentation

Suggested Opening:

"Good morning, respected teachers and evaluators. We are students from Bankura Sammilani College, here to present our final year project titled 'MessFinder a platform to connect PG seekers with room owners.'"

Then, introduce all team members and speaker order:

"Weve divided the presentation into 11 parts. Each member will walk you through different aspects, from the problem to the tech and future improvements."

3. How to Transition Between Speakers

Use smooth handovers like:

- "Now Priti will explain the problem we aimed to solve."
- "Next, Reshmi will talk about our goals."

Stand confidently, near screen/laptop not behind the audience.
